

# Discover Your Democracy!

In partnership with Elections Canada, **Imagineaction** is asking you to engage your **Grade 5-12 students** in a school or community-based social action project that encourages them to explore their democracy, past or present, and to recognize the important impact that participation in it brings. Then be creative ... take that information and transpose it into a visual medium such as:

1. A photo exhibit, or
2. a video production, or
3. a publication (e.g. – a newspaper article, blog , essay, or letter), or,
4. another visually creative tool that reflects the project's outcome, including those available on social media sites.

If you are interested in having your students participate in this project, please register at:

(<http://www.imagine-action.ca/members/Login.aspx?lgtype=T>)

*If your classroom project application is approved, \$500.00 will be provided to your school to enable the students to carry out the project.*

Funding opportunities or other supports for school-community social action projects tied to the **Imagineaction** themes:

- **CONNECT** [relationships]
- **ENGAGE** [active and participatory democracy]
- **THRIVE** [health and wellness]
- **LEAD** [leadership]
- **LIVE** [environmental sustainability]
- **CARE** [poverty]
